

Own your journey

The new Kia Seltos

Movement that inspires

Welcome to the evolution of Kia Seltos.

The new Kia Seltos has been extensively redesigned to stand out. From the bigger 'tiger nose' grille to the new tailgate, Seltos is testimony to Kia's global leadership in design. This significant update aligns with Kia's growing range of award-winning crossovers and SUVs.

Are you ready to own your journey?

A prominent grille and lighting arrangement, complemented by a futuristic wheel design, give the new Seltos a powerful presence on the road, front and back.

An intuitive, high-tech interior space.

The new Kia Seltos is bold. With softness in qualities and innovation in technology, this driver-oriented space is truly state-of-the-art. Perfect for those who appreciate quality, intuitive features, with an edge. At the nerve centre for driver and passenger connectivity is the redesigned centre fascia and an integrated curved display with a slim touchscreen pad*
The latest-generation liquid-crystal display provides precise and clear graphics.

*Model dependent

Simple connectedness.

This is human-centred technology, intuitive design makes important data easy to understand, putting you in control. Considered ergonomics allow you to remain in command of your journey, and comfortable on the way.

Panoramic curved display

A gently curved instrument display sets a 4-inch platform cluster at the centre, while to the side, a tasteful 8-inch (LX Model) and 10.25-inch (EX, EX+, and GT-Line Models) audio display keeps entertainment data well organised and in clear view.

8-inch Head-up Display

The head-up display projects all the most important vehicle information onto the windshield. You never have to take your eyes off the road.

GT-Line only

Wireless charger

EX, EX+, GT-Line only

Mood lighting

Mood lighting on the door speakers and crash pad garnish changes in brightness in synchrony with the audio system sound.

EX+, GT-Line only

Electronic Parking Brake

Panoramic Sunroof*

Open the panoramic sunroof to give everyone a view of the sky. The sturdy single panel tilts and slides out of the way with one simple touch.

*GT-Line only

Responsive. Smooth. Efficient.

With all the qualities essential to smooth performance, the new Seltos gives you a precise balance of power and braking. It's responsive and quick, and the ride is quiet. So, you can drive with confidence and peace of mind.

Driving technology that protects.

Sharing the road safely means staying in control of your speed. The new Seltos gives you real advantages with the latest Advanced Driver Assistance System (ADAS) technologies to help keep you aware and in control.

Blind-Spot Collision-Avoidance Assist (BCA)

When operating the turn signal switch to change lanes, BCA provides a warning if there is a risk of collision with a rear-side vehicle. If there is a risk of collision with a rear side vehicle when exiting a parallel parking spot, it automatically assists with emergency braking.

GT-Line only

Lane Follow Assist and Lane Keeping Assist

Working alongside the Blind Spot Warning system, these features use cameras and radar to ensure the vehicle is electronically aided to stay in its lane.

GT-Line only

Rear View Camera

The Rear View Camera displays video of the situation behind the vehicle for safe parking.

Smart Cruise Control system

The cruise control system is upgraded to a Smart Cruise Control system, with several new Advanced Driver Assistance Systems (ADAS) including Blind Spot Collision Avoidance Assist, Lane Keep Assist (LKA), Lane Follow Assist (LFA) and Forward Collision Avoidance Assist (FCA).

GT-Line only

Manual Speed Limit Assist (MSLA)

If you drive over the pre-set speed limit, a warning function operates until the vehicle speed returns to within the speed limit.

Ex, Ex+, GT-Line only

Front and Rear PDC Sensors

To help you park safely and confidently, PDC uses ultrasonic sensors mounted on the front and rear bumpers to warn of any obstacles, helping you to position the wheels properly when manoeuvring into tight spaces.

Choose your style.

From bold exterior lighting to helpful interior appointments, there are many ways to make the new Seltos your very own.
